- 12 conversions (key events) from AI-sourced traffic on a single lead-generation site.
- 27,000+ page programmatic SEO build, plus multiple projects between 7,400 and 14,400+ pages.
- 635 redirect fixes resolving a 60,000+ monthly-impression leak, and enrichment of 200+ thin pages.
- 44 active owned SEO sites across affiliate, display, lead-generation, local and product models.
- 13-client AEO/GEO agency book, with the service framework built from zero.

PROFESSIONAL EXPERIENCE

SEO Growth Manager, Figment Agency | Remote | Mar 2024 to Present

- Lead technical SEO, content strategy and AI-search visibility programmes across a 13-client portfolio, owning roadmaps, performance reporting, client presentations and development handover.
- Built the agency's AEO/GEO service line from zero, including AI-visibility audits, citation-gap tracking, entity mapping, answer eligibility, structured-data recommendations and prioritisation.

- Developed a brand-consensus methodology to identify missing or inconsistent entity signals across Google AI Overviews, ChatGPT, Perplexity, Microsoft Copilot and Gemini.
- Manage an SEO pod across multiple client accounts and writers, covering capacity planning, quality control, client communication and delivery standards.
- Launched YouTube SEO as a new agency service line, including strategy, rollout and client-facing positioning.

SEO Executive, Totalsurf | Reading | Oct 2023 to Mar 2024

- Managed end-to-end SEO delivery for six concurrent clients, including technical audits with Screaming Frog, Google Search Console and GA4, keyword research, content strategy, on-page optimisation and link acquisition.
- Built a systematic SEO reporting framework that was adopted as the agency standard.
- Worked directly with clients and internal teams to prioritise fixes, explain trade-offs and turn SEO analysis into implementation.

Founder and Independent SEO Consultant | Self-employed | 2011 to Present

- Built and monetised a 44-site portfolio across affiliate, lead-generation, local SEO, display and product-led web properties.
- Designed programmatic SEO platforms ranging from 7,400 to 27,000 pages using structured datasets, automated XML sitemaps, internal-linking systems and page-level JSON-LD.
- Grew AI-assistant referral traffic from near-zero to 4,200 GA4-verified sessions in three months, across ChatGPT, Copilot, Perplexity, Gemini and Claude.
- Diagnosed and resolved a 60,000 monthly-impression decline through 635 redirect fixes and enrichment of 200 thin pages.
- Deployed 25 production structured-data schemas (Service, FAQPage, Article) via a single Google Tag Manager implementation for a retained hospitality client.
- Built supervised SEO automation workflows using Claude Code, Codex, GitHub Actions, Astro and Cloudflare, with validation gates and PR-based deployment.
- Maintained performance through major Google updates from Panda and Penguin to Helpful Content and recent core updates.

EARLIER CAREER
